

# Changes of State

A. Choose words from this list to complete the spaces below:

*condensation, melting, sublimation, evaporation, freezing*

B. Say whether the events below are examples of melting, freezing, evaporation, condensation or sublimation:

- The ice cubes in my drink have disappeared.
- The puddles have all dried up.
- The mirror in the bathroom has misted up.
- The cold night has left ice on the roads.
- There seems to be smoke coming off the Iodine block.
- My ice cream has dripped down my shirt.
- There is steam coming off that hot water.
- My clothes are all dry now.

C. Say whether you need to *add heat*, or *remove heat* to make these things happen:

- Freeze water to make ice.
- Melt an ice cream.
- Boil some water.
- Change a gas into a liquid.
- Change a liquid into a solid.
- Change a solid into a gas.
- Dry off some clothes.
